

ROMATECH & NO SEW

This patented design produces the most sophisticated finish with no sewing, no stitch holes and minimal light gap. It allows anyone to complete a roman blind with minimal skill, while having the fastest assembly time available in the industry. There's no secret to why Romatech and No Sew Headrail have been trusted world wide for 15+ years.

No Sew Headrail

- Fabric application via 15mm spline
- Pre corded spools for 3m drop with 1.4mm non stretch cord
- Direct Drive: 4kg capacity
Geared Drive: 8kg capacity
- Universal Bracket for both face a reveal fix

Romatech

- Baton spacing chart to take away the need for calculations
- Applicator provided for smooth slide on assembly with no risk of damaging fabric
- Twist style clip made from virgin polycarbonate to easily position and lock in place
- Cord toggles to adjust the level of the blind with ease

Tear Drop Bottom Rail

- Exposed or fabric wrapped
- Unique shape
- Secure fabric attachment
- Ability to add additional weight for narrow romans

Rome wasn't built in a day, but
our Custom Romans can be

Custom Roman Baton

Used exclusively by the Roman Empire for 15+

Fabricate a custom Roman blind with no sewing
